WORRY STONE PRESENTED

At the last General Meeting in January, Past President, Jim Marsh presented our new President, Paul Steed with the "President's Worry Stone". The "President's Worry Stone" has been passed on from President to President since 1966 when Andy Bandino first presented it, to then President Larry Boef. Andy purchased this worry stone at the 1966 National Model A Convention and rubbed a deep well into it while waiting for the judges results at that same Convention. Ever since it has been the official "President's Worry Stone" for our Orange County Chapter's Presidents.

Worry Stone

The story behind the Worry Stone presented to each president (consistently?) since 1966

1st Version of Club Logo

This rough version of the original club logo was found in the July, 1966 issue of The Distributor

First Annual Turlock Swap Meet

The weather was lovely, and the cabin overlooked Lake Gregory and the surrounding mountains. The competition in running events began shortly after lunch, and included four or five gymkhana events. There was a ladies' driving event included also. The rest of the afternoon was left free, and the banquet was scheduled to begin at 6:30. Altho things got started a bit late, the costume judging was completed and they began announcing trophy winners about 9:00. Then's when the fun began! The three Model As from Orange County garnered a total of EIGHT trophies, Donna Peddicord was awarded first prize in the ladies' clothing division, and Gene and Mary Robinson were awarded first prize as best-dressed couple! It began to be embarrassing to stand up to receive another prize! (In all there were only 18 trophies awarded!) In addition to all this, Pat Peddicord won an explosion whistle as a door prize. All in all, the Rim of the World Tour was a memorable one. Everything was well-handled, and a grand time was had by all. (Do you suppose we'll be invited back?)
