and orders are taken.**

WANTS TO BUY

A man went into a shoe shop and said,
"I would like a pair of shoelaces."
"How long do you want them?" asked
the clerk.
"I don't want to rent them," answered
the customer, "I want to buy them for my
shoes."

The Distributor - July, 1973

*The Distributor
August, 1973*

I'll start this month's message
with a note from the August Newsletter
of ACCC Inc. on Monday, September 17,
1973, "Governor Ronald Reagan signed
our SB593 into law. This bill exempts
older cars from the present bumper law."
I just want to point out that the
dollars we spent to join the Associa-
tion of California Car Clubs is doing
some good. If no one fought the Bumper
Law, we would be susceptible to a cita-
tion for driving a Model A without a
bumper.

**ACCC keeps tabs on laws
that may affect the
Model A hobby**
