POMONA VALLEY MEET

The Pomona Valley Chapter meet held July 14 at Pomona Fairgrounds was a major success to say the least. About 50 cars were actively participating. Of these, 22 entered in events such as blind driving and the teeter totter (this is a riot to see, and even more so when you join in). There was also parking and some cranking. Three trophies per event were given and according to Vern Sipes, the trophies were made by the Pomona Chapter. Sorry about the sparse turnout from Orange County; hope to see you there next time.

YOU WON'T WANT TO MISS the big August event on Sunday the 11th, at 2 p.m. sharp. Leaving from the northeast corner of Bullock's parking lot at Fashion Square in Santa Ana. Don't forget to bring your parts to the meeting to be donated for the treasure hunt.

3RD ANNUAL ALL-CALIFORNIA A-DAY

Sunday, October 6, 8 a.m. to 4 p.m.

Sponsored by the Palomar Region, in cooperation with the Fallbrook C of C. All Model A cars in the state are invited, regardless of club affiliation. More than 20 trophies will be awarded, including for restored cars, commercial cars, modified cars and station wagons. Antíque, classic and special interest cars of other makes and years also invited.

INTERESTING TO NOTE that the Feather River Chapter has events on every single Sunday and also gives trophies--to members who attend most meetings and meets in their "A's."

STENCILED-ON P.J.'S

The high point of our last meeting--July 11th--came when Richard Hastings delivered a comical but enlightening talk on the Model A. That same evening, Dave Kibler poked the proverbial hornet's nest by bringing up that old subject of chroming. A fine discussion followed, and a good time was had by all.

JULY CLUB EVENT

The tremendous turnout for the big breakfast Sunday morning at Orange City Park was responsible for the appearance of quite a few cars we hadn't seen on the road previously. Those who worked all night have our sympathy. Thanks to Smitty, Les & Gayle for the cooking.

CORONA - POMONA JULY 21

According to those who attended it, the Corona meet was a real disappointment. But the Horseless Carriage Club meet at Pomona White Park - Fairgrounds was terrific. Our tally shows about 25% of our members present.
