THE PRESIDENTS MESSAGE

by Matt Plotkin-President
962-2117

It's hard to believe, but this year is almost over. We had our last Mall Show for this year on Sat., Dec. 2nd. Thirty two cars showed up under beautiful clear, sunny skies.

The last tour of the year was arranged and led by Richard Carter. First a tour of the San Juan Capistrano Mission, then a trip to the home of a car restorer near the Mission. Those who attended found out that there is a heaven for car buffs, and we all had a glimpse of what it is like. If you can imagine a garage for about 15 cars filled with such things as Stutz Blackhawks & Dearcats, Grahams, Marmons, Old Buicks, etc. The upstairs was loaded with car parts of every description. It reminded me of the Long Beach swap meet indoors. And then a garage to keep the the car that was presently in work. All this on about a 25 acre parcel so there aren't any close neighbors to complain, plus an ocean view. If that isn't heaven.....

Richard then led us to Dana Point for a picnic, then to a clock collectors collection and then to his home for refreshment. Thanks Richard, for a great day.

It was also very exciting to see all the small children on the tour. There is a whole new generation of kids that will be brought up touring with their families in the Model A. It's been a long time since we saw so many small children on a single tour. Keep bringing those kids out!!! That's what makes tours fun.

My tenure as President is just about over. It really doesn't seem that a full year has gone by. At this time, I would like to take the opportunity to express special thanks to the 1978 Board members. Each of you has done an outstanding job. Your cooperation, enthusiasm, and very competent performance of your jobs has been greatly appreciated by the entire club membership, and by myself. Through your combined efforts, the club had a very successful and fun year. It could not have happened without your efforts. Thanks again - and it's been a pleasure working with all of you on the Board.

I would also like to thank all those many great souls who helped out so much during the year. The most outstanding memories I will have of this past year is the number of people who were willing to come forward and help whenever anything was needed. Orange County Chapter is unique in this respect.

Because of all this great cooperation and club spirit, my job this year has really been fun - and enjoyable. Thanks again to every one.

Prds..Message Contd.

Hope to see a large turnout at the Christmas Party and the New Years Party.

"Your A's Activities"
by Tom Schenk
637-9599

I have really enjoyed the year. The most fun I have had was to watch so many of you do the work! Actually I can't begin to name the many club members who have helped to plan an activity, lead a mileage tour, help out on parties, picnics, ball games, bowling, dances, even weddings! I'd just like everyone in the club to know that I sincerely appreciate the help. All of your activities were made possible by you.

Although we are through with mileage tours till January, (You could have amde over 3,000 miles touring with us during 2978) we have some fun planned for this month starting with our childrens party on Dec.14th, following a short buss-ness meeting at Trident Jr. Hith. On Dec. 16th, we will have our annual Xmas dance this year at the Anahem Bowl, see Bev Marsh for Tickets SOON..

Dec. 31st will see most of us at Glenn & Sharon Johnson's for another one of their special New Years Eve Party. You are all invited to this club event, but please call Sharon & let her know you are coming well ahead of time.

Finally, Arlene & I would like to wish all "Happy Hollidays"! Perhaps an idea for the New Year would be to invite at least 2 new couples to attend one of our meetings sometime during 1979! Better yet, why not bring 'em with you some time in '79!

We're almost to winding up 1978 and there's not much left to

Tech Tatter by Larry Boef Contd..

say at this point. As I'm sure you know our December program will be the childrens Xmas Party. There will not be any more technical seminars scheduled for the balance of the year. I do, however wish to once again thank all those who were so helpful this year with program's and seminars. I really appreciate all the fine assistance..

TECH TIP FOR THE HOLIDAYS: Drive safely and soberly so we can all be together next year to share in fun and fellowship.

Matt Plotkin

I would like to say thank you to all who helped in the making of the Round-Up trophies. Many members worked several nights to help us meet our dead line date. The finished trophies which everyone seemed very pleased with were the efforts of many who turned my idea into a reality.

Thanks again, Denny Johnson
