The clubs traditional "Big Event" has been the annual Round-up in October. The participation by other clubs has been decreasing the last few years to the point that we took a financial loss this past year. Discussion at the combined Board meeting between Outgoing and Incoming Board seems to lead to the conclusion that we should not drop the activity-but come up with some idea to spark it up. What is your idea? We will have a general discussion at the January meeting. Please attend and present your ideas. If we are going to have a Round-Up, or some

TECH TIPS
by Larry Boef

Here we go with a brand new year and a new Board Of Directors. Our January meeting will feature a feature movie produced and directed Mary & Virg rated PG (Particularly Good)

Not Confirmed at press time but I hope to be able to schedule a seminar on cut-out modification for Jan. The last seminar on cut outs worked so well that several members have requested we do it again. I will have the time and place at the meeting.

How about it, what would you like for programs & seminars the rest of the year? Let me know and if it's rated PG I'll try and get it.

TECH TIPS contd.

It will soon be tour time again so now's a good time to change the oil & lubricate the Model A. Don't forget to drain the radiator and add one pint of rust preventative with the fresh water. Mac's 13 has worked good for me for years. P.S..Don't forget to change the air in your tires..

ROUND UP IN 1978?
by Chuck Williams

To have a Round Up or not to have a Round Up in '78 ?-

That seems to be the question in a lot of members minds lately.

I've heard suggestions ranging from no Round Up at all to a two day overnite bash with car show, Award Banquet and dance band. Sounds like fun!

I personally feel the Round Up is a fine tradition that should be maintained.

I'm sure that with good planning, alot of fun type work and strong membership support the Round Up this year can be as good or better than ever.

Please call myself or Dick McNabb if you have any suggestions.

WE NEED YOUR HELP!
